VALUABLE REAL ESTATE FOR SALE IN THE TOWN OF SALEM.

AS EXECUTORS OF JAMES HALL, DEC'D the undersigned will sell to the highest bidder, on Thursday February 24th the valuable real estate of said deceased; consisting of one of the most desirable business stands in the town of Salem, situated on Main Street, on the North-West corner of the public square, facing the Salem Female Academy. Said property is a new, and commodious brick building, with business stand and dwelling combined.

Also, a large two story frame building on Main street likewise a good stand, business having been conducted therein for many years.

Also, a highly valuable business stand in the town of Winston, on the N. W. Corner of the Court House square. This property is a new frame building and is deemed one of the best business stands in Winston.

Also, sixty acres of land, situated within ½ of a mile from the Court House, having all the necessary buildings thereon. All of this property is deemed highly valuable from the fact that the N. W. N. C. Railroad, rapidly progressing will give new life and impetus to trade in this section of the State. Parties from the East desiring to locate in a flourishing and healthy portion of the State in a highly moral and industrious community, with the advantages of excellent schools, will perhaps never again meet with so favorable an opportunity for the purchase of desirable real estate, as that now offered.

FOLLOW THE MONEY GOES.

Our Tallahassee, Florida, exchanges have grown extremely interesting of late as we find that something of North Carolina finances may be gleaned therefrom. We can at least satisfy the curious as to how some of the money goes. Last week we had the satisfaction of announcing that General Littlefield had donated five hundred dollars to the Episcopal Church of Tallahassee, something over what four "Special Tax" bonds would sell for. To-day we clip the following announcement from the Tallahassee *Floridian*, which doubtless is more "gratifying to our (Tallahassee) merchants and business men" than it is to the tax-payers of this State and to the unpaid officers, contractors and laborers of the Railroad of which General Littlefield is President, with millions of dollars of bonds in his possession:

"DIRECT TRADE WITH NEW ORLEANS.—We are gratified to announce that General Littlefield has organized a line of steamships between New Orleans and St. Marks, and that the first vessel will leave New Orleans to-morrow. This will be gratifying to our merchants and business men."

What cares this man for the Committee of Investigation of our Legislature? What cares he for the accusations of frauds which are daily made against him? With money in his pockets—hundreds of thousands of dollars obtained by chicanery, by Legislative and Executive favor, by fraud, by stealing from the impoverished and long suffering people of North Carolina—he laughs to scorn their accusations and threats. He basks in the sunshine of the thanks of the pious ladies and the gratitude of the merchants of Tallahassee. Secure in the gratitude of the Senate of North Carolina, whose members he has clothed and fed, according to one of the Senators, he feels that if his resources are curtailed by the worthlessness of the bonds he has come in possession of, he can depend upon his large revenue as public printer and binder for the State.

If the money raised by taxing the people of North Carolina is to be used in building Canals and buying railroads in Florida and establishing lines of Steamships in the Gulf of Mexico, there can be no wonder that our State is bankrupt and her credit destroyed. This man Littlefield has done more to injure the prosperity of North Carolina than any other man, and to day he is being protected in his rascalities by Governor Holden and the Legislature of the State. Yes, and Conservative editors who profess to be, and no doubt are, in full sympathy with the tax-payers of North Carolina, accept the hospitalities of this man, directly or indirectly, through his employees in the magnificent office of the Raleigh *Standard* in their visits to that city, and daily regale their readers with pleasant jokes with Littlefield's paper.—*Wil. Journal Feb. 8th.*

A RAILROAD HAUNTED BY THE SPIRIT OF A VICTIM.—The Boston papers publish the following as a strange but well authenticated story:

"The engineer of the freight train on the Boston and Lowell railroad, which leaves Boston about 3 o'clock in the morning, has on several occasions discovered a red light swinging at a furious rate at the Woburn station where the train stops for water.—The light would sometimes be in front and sometimes in the rear of the train. When the engineer would stop his train and send some one to learn why the signal to stop was made, the messenger would be greatly surprised to see the light vanish. Investigation has proved that no person was there with a lantern, and the brakeman and conductor concur also in having beheld the phenomenon which, so far as known, is without visible cause. Some laborers living on the line of the above station state that a few mornings since they were coming down the road in a hand-car, when they suddenly heard the approach of an engine and train, and knowing that no train was due in the vicinity at that hour, they became greatly frightened, and, jumping out of the car, threw it off the track to await the train which they thought was coming at a rapid pace upon them, but which, it is needless to say, did not come. The superstitious regard the affair as a forewarning of some disaster, while the spiritualists have the ready theory that it is the spirit of a man who was killed there about two years since.

A TALKING BABE.—Dr. J. H. Sudduth, a respectful physician of St. Charles, Minnesota, gives an account of the wonderful phenomenon of a child five months old, which talks perfectly, and which began to talk when it was three months old. It does not prattle, as is usual with infants when first trying to talk, stumbling upon and straining at words. It speaks clearly and coherently, a regular sentence that clearly expresses its thought or idea. It seems to think, and then expresses its thoughts calmly and clearly. It seems to note the anxiety and wishes of others. A little four year old brother was out of the house, and several members of the family inquired where he was. He soon came, and the baby seeing him, said to the mother, "Otty has come home." It will lie quietly in its cradle while its mother is at work, and when it is hungry will say, "Baby wants dinner," or "mamma, take baby up," as a child five or six years old. Another of the children in the same family commenced talking when eight months old.

It is stated as a noticeable and important fact, that of late years marriage has for result in increasing the population of New England, while the decrease of emigration is calculated to diminish the dwellers in that section of the Union. The Palmer (Mass.) *Journal* says that "the decrease of population among the country towns of Connecticut, New Hampshire, Vermont and Massachusetts is quite startling." The Providence *Press* says of Rhode Island that "there is a tendency here to that which is as palpable in other parts of New England." The Boston *Courier* says "the war made a deadly breech in the strength of the rural population, and that since its close, and the downfall of slavery, "the multitudes of New England men go to the cheap lands and more genial regions of the South". So much the worse for the South.—*Phil. Age.*

The secret of Butler's defence of Grant is that, as a lawyer, it is his duty to defend any criminal that pays him for it. Grant engaged the Beast before the other side did—that's all.—*N. Y. Democrat.*

KEROSENE LIGHTS PERFECTED!

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial Light, of some sort, is a universal necessity; a safe, cheap, and brilliant one is a luxury; a luxury, too, only enjoyed heretofore by those living in large towns or cities where Gas is used. Years of study and thousands of dollars annually have been spent by experiments of different kinds, in trying to invent and perfect a Burner or Lamp by which Coal Oil or Kerosene could be burned practicably, without the expense and trouble of chimneys; this long looked for and much desired subject has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, stores, &c., is unsurpassed; in short, this invention brings the brilliant and brilliant Gas Light within the reach of all, whether in the City or Country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light, of the ordinary chimney-lamp with one third less oil; will burn, when turned down to a taper light ten hours for one cent; is free from smoke or smell; can be carried from room to room; the wind will not blow it out.

This Lamp is destined to supersede all portable artificial light or chimney lamps now in use and needs only to be seen to be appreciated; thousand of them will find ready sale in every county no family that uses this light for one evening will again be annoyed with the chimney-lamps. Thousands of them will be used in cities, as this light is one-half cheaper than Coal Gas, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire State or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and fixtures at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamp can be seen in full operation during the day and evening at the Yarbrough House.

All letters will receive prompt attention and full explanation of the Lamp given.

SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcle Saw Mills in workmen-like manner for those desiring them.

There are now 440 of these Mills in operation, and in no case have they failed to give entire satisfaction. One advantage of this Mill is, that the sawyer, without changing his position, gives the back-ward and forward motion to the carriage, with a single lever; and can set the log at both ends at the same time, *this is a saving of one hand in the mill.* This is no humbug. I am responsible for what I say. My residence is 20 miles South of Raleigh, on Neal's Creek. For further particulars address me at Raleigh, N. C.

P. J. WRAY.

I will be at Lynn Adams' Store on the 2nd to the 5th of February, where persons desiring to see me will please call.

READ THE FOLLOWING.

Mr. P. J. Wray, Dear Sir:—I am much pleased with my double circular Saw Mill, built by you. I can cut a log 14 inches deep, 40 feet long, in 45 seconds, with my 12 foot overshot Wheel. We have to-day cut 6,000 feet weather-boarding, flooring, and facia board, in eight hours.

Dec 23rd 1869. ALLIGOR PARTIN.

Mr. P. J. Wray:—We are well pleased with our new double action Mill, that you set to work for us. We can cut twice the amount of lumber that we could with the old Mill of 42 inch saw and same water wheel.

This last mentioned Mill may be seen on Walnut Creek, 5 miles South of Raleigh.

PERSONAL.

It ill becomes the dignity of a man to wrangle with a woman or a deposed, disgraced minister of the gospel. We might, and we would, pass by in silence and contempt the attack made upon us on Tuesday by the Rev. James Sinclair, on the floor of the House, his character is so low and his speech so contemptible, that nothing could justify our notice of him, but the high and exalted station he holds as leader of his party in the House of Representatives, and as revenue officer under the government of the United States. This theologian was put forward on Saturday last by another theologian, Rev. Solomon Pool, President of the University, to calumniate and asperse the character of the member from Orange (Mr. Argo.)

We will not lay down rules for the conduct of the pious clergy, who are supposed to walk by celestial light, and "justify the ways of God to man." They are usually deep thinkers, who live in their closets, secluded from the bickerings and strife of this wicked world, they are supposed to live here only to prepare others and themselves, for that other and better world, "where the wicked cease from troubling, and the weary are at rest." They were wisely excluded from seats in the Legislature of North Carolina by the patriotic framers of our old Constitution.

The Reverend Solomon Pool will find, after reading this article, that he has greatly damaged his political standing and, perhaps, tarnished his clerical robes, by putting forward such a brother as his exponent on the floor of the House, last Saturday. We tell the Reverend President of the University, that the canons of his Church, the benignant principles and spirit of Christianity, and the laws of God, cry out against his making such a brother the exponent of his political, literary or theological sentiments or beliefs.

Neither Professor Pool nor his Reverend exponent and spokesman, can complain if, as a layman, we decline, and call upon the Church to answer the Rev. James Sinclair's attack upon us in the House.

We read the following from the minutes of the Fayetteville Presbytery, October 27th, 1867:

"Rev. Collin Shaw (Minister) and W. McL. McKay, (ruling elder,) were appointed to prepare charges and specifications against Rev. James Sinclair, and state the charges and specifications, the time and place, with all the attending circumstances, that the accused may have an opportunity of defending himself."

In accordance with said appointment, the said Committee report the following Charges and Specifications, which charges and specifications they ask may be signed by the Moderator or Clerk, by order and in the name of the Presbytery, and served upon the accused at least ten days before the time of trial.

CHARGES AND SPECIFICATIONS.

CHARGE FIRST.—FOR GROSS IMMORALITY.

SPECIFICATION 1st.—In this: That the Rev. James Sinclair, in connection with ——, did purchase at open sale in the town of Lumberton, N. C., a certain free-man of color named Kiff Mitchel, who was sold for his cost and charges of imprisonment, under the laws of North Carolina in such case made and provided; and that so becoming the owner of said free man of color for a limited time, as provided by law, the said James Sinclair did, by himself or his associate, afterwards sell into perpetual slavery the said free man of color, who left a wife behind him in the county of Robeson. This was about the year 1862.

Witness: Capt. C. Godwin and a letter of said Sinclair.

SPECIFICATION 2D.—In this: That the said James Sinclair, contrary to his duty as a Christian man and Minister of the Gospel, did openly expose to sale, and did sell by himself or others for him, intoxicating liquors. This was in the county of Robeson and within two years.

Witnesses: J. R. Carter, R. King, and —— French.

SPECIFICATION 3D.—In this: That the said James Sinclair did falsely and fraudulently attempt to appropriate to his own use, a barrel of ice, belonging to one J. T. Petteway; and that in the prosecution of this fraudulent design he removed from the barrel the ticket containing the name of the owner, with intent to destroy the evidence of his property in it. This was at Lumberton and during the summer of 1865.

Witnesses: Rev. Mr. Scovell, T. N. Bond and others.

SPECIFICATION 4TH.—In this: That the said James Sinclair has at divers times, and in divers places, contrary to his duties as a Christian man and Minister of the Gospel, exposed himself to ridicule, and the Church to reproach, drunk with liquor—and that he is given to ebriety, or an excessive use of intoxicating liquor; that he is in the habit of getting drunk.

Witnesses: Capt. Norment, Hon. T. D McDowell, Dr. Dick, John C. Wright, T. N. Bond, John A. Rowland and Neill A. McLean.

SPECIFICATION 5TH.—In this: That the said James Sinclair, contrary to the civil, as well as the Divine Law, did commit "Adultery" with one ——Hammond, (alias) Roberts—a free woman of color. This was in the town of Wilmington, at the Shemwell Hotel, or the Carolina Hotel, kept by Shemwell, and within two years.

Witnesses: Berry Godwin, Andrew J. Jones and R. Steagall.

CHARGE THE SECOND—FOR SLANDER.

SPECIFICATION 1ST.—In this: That the said James Sinclair did write and cause to be published in the "Presbyterian Banner," a newspaper published at Pittsburgh, Pa., a statement, that during his residence in the South, "he had become a slaveholder from circumstances over which he had no control"—whereas the said James Sinclair did of his own will and motion, buy at public sale (in the town of Lumberton,) where certain slaves were sold to the highest bidder, a family of negroes—did own and work said slaves for his own profit and advantage, and did afterwards sell and dispose of the same, and receive the money therefor.

Witnesses: Dr. Dick, Rev. Neill McKay, Alex. McNeu and R. King.

SPECIFICATION 2D.—In this: That the said James Sinclair did write and cause to be published in the paper aforesaid, a certain other statement, "That in consequence of a sermon preached in the course of his Ministry on Family Religion, a number of slave-holders combined to take his life," all of which the said James Sinclair knew to be false and untrue.

Witnesses: Tristam Braddy, Alex. McRae and Col. Alex. McQueen.

SPECIFICATION 3D.—In this: That the said James Sinclair did write and cause to be published in the paper aforesaid, a certain other statement, "That surrounded on every side with difficulties and enemies, on account of his supposed aversion to slavery he was forced to take refuge in the army;" whereas it is notorious that he was intensely ambitious of military command and sought by every means and influence to secure the command of a Regiment of troops;—that he was a candidate for, and was elected—not conscribed or drafted,—a Colonel of the 55th North Carolina Troops, and did continue to hold said office and exercise the duties thereof until he was left out in the re-organization of the said Regiment, under act of Confederate Congress of April 1862, giving to the rank and file the right to elect officers worthy to command them.

Witnesses: Col. H. McKethan, Alex. R. Kelly, Rev. James Kelly.

SPECIFICATION 4th.—In this: That the said James Sinclair did write and cause to be published in the paper aforesaid, a certain other statement: "That he retired with disgust and aversion from the (Confederate) army, after the battle of Newbern"—whereas it is well known, that he continued in the command of his Regiment until it was re-organized under the act of the Confederate Congress above stated, and that he solicited the appointment of Colonel of the 21st Regiment of N. C. Troops.

Witnesses: Col. H. McKethan and the advertisement of said Sinclair in the papers of the day.

SPECIFICATION 5th.—In this: That the said James Sinclair did write and cause to be published in the paper aforesaid, a certain other statement, viz: "His" (Fayetteville) "Presbytery, like all judicatories or persons, lay or clerical, which have their existence under the shadow of the great institution (slavery) wheeled into line with his persecutors and threw every obstacle in the way of his usefulness;" whereas the Presbytery had forbone until it could forbear no longer, to investigate reports made and commonly believed, against the reputation and character of the said Sinclair; and when he was, at last, brought to trial upon charges before his Presbytery and did not, even then, proceed to inflict such punishment upon him as the nature of the proof demanded; but discharged him with a "reprimand," admonishing him to amend his life and walk more orderly and discreetly, as became one holding the high office of a Minister of the Gospel; and for this clemency the Presbytery was censured by the Synod of North Carolina.

Witnesses: Rev. H. McLean, Rev. J. P. McPherson, Rev. Daniel Johnson, the Records of Fayetteville Presbytery and Synod of N. C.

FOURTH ADJOURNED MEETING.

Lumberton, N. C., Feb. 1866.

Presbytery met according to adjournment and was constituted by prayer.

After recess, Presbytery met and took up the unfinished business.

The following preamble and resolutions were introduced, accepted and adopted, viz:

WHEREAS, the Rev. James Sinclair, a member of this body, stands charged before us with atrocious crimes against society; and having been cited in due form, once and again, to appear and answer to those charges, he has refused to obey the summons: Therefore

Resolved, 1. That in obedience to the requirements of our Book of Discipline, chapter vi. section 11, the said James Sinclair be, and he is hereby, suspended from the discharge of all the peculiar functions of a Minister of the Gospel; and that he be warned and admonished to obey this injunction until his case shall be further and fully considered by this Presbytery.

Resolved, 2. That the Stated Clerk be ordered to issue a third citation to the said James Sinclair to appear before this Presbytery at our next regular meeting, to be held at Oak Plane Church, Sampson county, on Thursday before the second Sabbath in April next, at 12 o'clock M., then and there to answer the charges standing against him before us. And that this notification state to him explicitly, that, unless he shall appear, in obedience to this third citation, the extreme penalties of an ecclesiastical court will be visited upon him, as our Book of Discipline, chap. v: sec. 11, directs.

Resolved, 3. That as a matter of information to our Churches, this preamble and these resolutions be published in the "North Carolina Presbyterian."

This "third citation" proving unavailing, the Parson lost his connection, and is what may be called "an unfrocked minister."—Let it be remembered that the above all took place before his ride on the North Carolina Railroad, coming to the present session of the Assembly, else, no doubt, another "specification" would have been added to those given. We are not surprised at any thing this miserable woman inciter may say of us, but we *are* surprised that persons maintaining the position of gentlemen should accord to him the position of *leader* of his party in the House.

The Wilmington *Post* seems to be going back on its friends. It tells its readers that its party (the radicals) in that town bestows its rewards upon those who have done the least for the party—"the negro or demagogue who can show the darkest face or blackest heart;" and its adds that those same negroes and demagogues are "now having the run of the quarter deck and the Captain's cabin."

Eagles will have to get leave of absence and go down and regulate, or reset that *Post*. But then, the *Post* is only doing what all carpet-bag and scalawag Rads will do, after a while; that is, as soon as they find the negro disposed to be really a free man and exercise his rights as such in voting as his judgment directs, and cuts himself loose from the leading strings of carpet-baggers, they will attempt to kick him overboard, and will be the first to endeavor to curtail and deprive him of his rights before the law. We have told the colored people before, and we tell them again, that the scalawag and carpet-bag gentry are their friends only so long as they can use them as their tools in getting into office, and when this ceases their friendship will cease. They have been unfaithful to every body and every party before, and who can expect them now to be faithful to the colored people, unless they can so manage them as to make it *pay*?

The colored people will find all this out in the course of time, but we fear they will have to pay pretty dearly for the knowledge.

Mr. Bennett for Committee on Corporations, reported upon various bills, which placed on the Calendar.

UNFINISHED BUSINESS.

Mr. Painter said there was several thousand dollars yet to come and ere this month was out the amount would probably be swelled to some $40,000. He hoped the House would consider this enormous amount entailed upon the tax paying people of the State, and that members would take steps to cease this evil by the immediate passage of this bill.

VIRGINIA.

Richmond, Feb. 8th.—The Legislature met at noon.

The House adopted a resolution asking Congress to remove political disabilities from the people of Va. by a vote of 109 to 10. The colored members for it, the negatives being whites of the Porter extreme faction.

A MESSAGE FROM THE GOVERNOR.

It congratulates the Legislature that they are the lawfully constituted General Assembly of the sovereign State of Va. a State, that, notwithstanding fundamental conditions, as futile as unnecessary, is co-equal in all her rights and prerogatives with any and every State in the American Union.—You and I have qualified by taking the same oath of office. We have solemnly pledged ourselves before heaven to support and maintain as well the constitution and laws of the United States, as of the State of Virginia; that we recognize and accept the civil and political equality of all men before the law, and that we will faithfully perform our official duties to the best of our ability. A strict and conscientious observance of this solemn obligation will redound to the peace and prosperity of the State and the vindication of the just expectations of the people and our friends everywhere.

It is yours only to make the laws; mine to execute them. Fulfill your duty, and I pledge you a faithful and fearless execution of mine.

Of the State Constitution, he says, that its provisions shall have a fair and impartial trial, and when, if ever, experience shall demonstrate the inability or impracticability of any of them, we will proceed to make such modifications as the necessities may demand. The manifestation of punic faith by others affords no justification for a departure from faith by us. The ancient and proverbial reputation of the people of this commonwealth for honor and integrity will be maintained, regardless of the selfish and fanatical vituperation of our enemies at home or abroad.

The Governor advocates the encouragement of immigration into the State, and says any attempt to re-open the sores of the war, for party purposes, should be frowned down, and concludes by saying, I was always a firm and consistent Unionist. I expect to live and die one. Beyond this the chief tenets of my political faith are the maintainance of the public faith, State and national, untarnished honesty and economy in the administration of public affairs, the equalization and reduction of tariffs and taxation to the lowest degree consistent with the maintenance of the public credit, free education for all, a fostering care, encouragement and elevation of labor, and until fully, finally and permanently accomplished, universal amnesty and impartial suffrage. These are the fundamental principles in my political creed and it matters not what you may call them, whether Republican, Democratic or Liberal; so far as applicable they will be faithfully adhered to in my administration of the affairs of the State. Those who agree with them, will naturally sustain and uphold the administration, while those who disagree with them may oppose it.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly; and its investments are made on the most solid basis, being principally in improved real estate worth twice the amount insured, paying ten per cent per annum.

All its Policies are non-forfeitable and all participate in profits from the beginning.

THE SENTINEL.

CITY AND STATE ITEMS.

THURSDAY, FEBRUARY 10, 1870.

☞ Thos. N. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

New Adv.—National Hotel, Raleigh; recently opened; new building; entire outfit of new furniture, with every modern improvement, and pleasantly situated, North of, and adjoining, Capitol Square. A. J. Rutjes, late of the Exchange, Proprietor.

Gas Fixing, Plumbing, &c.—Branch of the extensive establishment of Shanks and Barrett, Richmond, opened at the corner of McDowell and Morgan streets. See advertisement.

Leach Bro's—Announce another arrival of choice family groceries, wholesale and retail.

Life Insurance.—By advertisement in another column, it will be seen that another competitor for public favor takes the field in the Life Insurance business, Wm. E. Pell & Son, Agents, Raleigh, N. C. This Company offers as good security to insurers, we believe, as others, and we recommend it to the consideration of persons contemplating taking out polices.

Death of George M. Whiting.—We are pained to have to chronicle the death of another of Raleigh's promising young men. On yesterday it was announced that George M. Whiting was no more. The fell disease, consumption, with which he had long suffered, had done its work and fatally sapped the fountain of life. Mr. Whiting was a brave soldier in the late Confederate army, a promising young lawyer, and a gentleman whose genial manners and universal courtesy made his companionship sought and prized by those of his own age, and gained him the respect of all.

Kicked.—Somebody says that Dixon Ingram, member of the House, was "fearfully and wonderfully mad" recently, on the occasion of his visit to Rockingham, Richmond county, on account of a brother Rad violently withdrawing the toe of a boot from a tender part of his body. Now is this so? If so, why? What for did a brother Rad kick his Representative? For representing him too much—or too little?

After being upset in the stage and very nearly losing his beef and potatoes, to be kicked on his arrival among his friends, by a friend, was too bad. We didn't learn whether the brother Rad who is said to have kicked him was white or colored; but that's immaterial.

Bygonic.—A Montgomery orator, in the Senate, recently, alluding to Mr Welker's course on the appropriation question—his course last session compared with his course this, said, "the gentlemen favored all these appropriations; now he wants to withdraw them—surely 'a sudden change has come over his dreams.'" Umph!

To the Members of the A. M. E. Conference.—The North Carolina Conference of the A. M. E. Church, will assemble in Raleigh, N. C., February 16, 1870, at the African M. E. Church. The brethren are earnestly requested to be present.

S. W. WAYMAN,
Bishop presiding.

From the Raleigh Episcopal Methodist.

GREENSBORO FEMALE COLLEGE.

Success in this great enterprise is almost secured. A few more hundreds, and the hammer and the trowel will blend their ring and clatter with the songs of the birds in the Spring. If we do not finish the subscription now, we will deserve to fail and to be covered with shame. Greensboro is hopeful and waiting for us. February and March should by all means suffice to complete the required ten thousand. The brethren in the ministry are most earnestly invoked to send up names during their next two months' operations. Some parts of the Conference have done nothing. All desired information respecting the several plans, will be furnished on application to Dr. Reid, Thomasville or to myself at this place. We cannot afford to fail or to delay. We must have the College.

But, happily, they have their antidote. DR. TUTT'S SARSAPARILLA and QUEEN'S DELIGHT possesses the qualities to expel them from the system, restore perfect health, and produce happiness, where all was misery.

Plows.—We learn that Mitchell, Allen & Co., of Newbern, N. C., have procured Steel Cotton Sweeps, made from the original patterns of David Dixon, Esq., of Georgia, they charge $5 for each, when stocked $7.

This firm is selling a large quantity of plows manufactured by themselves. They sell No. A. 6, 10, 11, and 50 plows at 2.50. Would it not be well for farmers to club in each neighborhood and order together so as to get the freight cheap. Mitchell, Allen & Co., have the agency for the Foster Cotton Planters, and every variety of agricultural implements. dlm.

We understand that a white infant child supposed to have been born out of due time, was found in one of the pits near the Rudisill mine on Saturday afternoon last. It had been wrapped in some old cloth and thrown into the pit. No clue to the parties perpetrating the deed has as yet been discovered.—*Charlotte Observer.*

LITTLEFIELD IMPORTUNED.

While Littlefield is receiving congratulatory addresses for Church donations in Florida, and arranging the schedule for his new steamship line between Key West and New Orleans, a lively imagination can picture him concocting the following encouraging telegraphic dispatch to his anxious friends in this city:

"Look for me to-morrow night.
M. S. LITTLEFIED,
State Printer, Binder and
President of the W.
N. C. Railroad."

We can also imagine how his anxious friends, and especially his bosom friend, the Governor, *did* look for him, and continue to look until the joke became apparent, and then, how the Governor, under the sting of disappointed expectation, and that "hope deferred which maketh the heart sick," would seize the pen and write the following:

"My Dear General:—In the name of all the gods at once, why don't you come? Do you intend to sacrifice us all upon the altar of your avarice? Excuse me for being so plain in the warmth of my friendship and my deep anxiety. Did ever a Chief Executive of an honest people, in all the history of the world, before, remain so silent as I have done, when seven millions of their bonds or money were in the hands of an absconder who will not come to a settlement or show his hand?

You have telegraphed long enough, "look for me to-morrow night." Conscience, justice, honesty, and every principle of Executive duty, cry out and demand of me some public demonstration against you, and I shall do it, if you don't make haste and make your personal appearance in the city. I can't stand the pressure any longer.

Moore of Chowan has imperiled his life in your behalf. He spoke in the House, perhaps imprudently, against simply telegraphing for you and Swepson to come to Raleigh, which brought down the Sentinel upon him. Moore met the editor on Monday, and gave him a "Heenan blow" and knocked him sprawling; at least, so my friend, Hawk Rogers, reported to me after the fight. Turner, however, denies this, as he does all other great truths, and reports that Moore made the attack on him, and fell on his breakfast, and that he drew a pistol, but that Augustus Moore seized him and his pistol before he could shoot.

The question now is, can Moore attack Turner again, according to the rules of "the Code," having chosen his time, place and weapons, and being placed *hors du combat*, and at the mercy of his enemy, but for the timely interference of his brother? Can he now renew the fight without a violation of the *code duello*? I will take the opinion of my son-in-law Lewis, on this question and have it ready for you when you to come—"to-morrow night."

Somebody *must* be found to handle that contumacious rebel, Jo. Turner." You are large enough, when you get on your fighting weight, and true footed, and I think you might undertake the job.

The sale of the N. C. Road, I fear is damaged. One Senator has admitted that he was offered $2,500 for his vote. Sinclair, the Republican leader in the House, has declared on the floor, that he is well posted on the subject, and that two Democrats have been bribed for every Republican.—This would be a good hit on the Democracy, and would tell, provided we can make the people think that one crime is a good offset against another.

Pike, I see, has very imprudently endorsed the truth of Sinclair's declaration, and now the object of the sale of the Road will be as apparent to every body as the lease was.

Merciful powers! What a set of dunder heads I have to deal with! It is enough to run any sane man mad. Let me implore you to come. In the name of the honor, credit and faith of the State, I beg you to come, and come quickly—say, by "to-morrow night," at furthest. If you do not, the question may be asked, Who is Littlefield's forsaken friend? and the answer will be,

W. W. HOLDEN.

Type Setter.—We refer all interested to the following certificate from practical printers of this city, in regard to Foster's type setter and distributor. Having seen the model operated, and examined the plan upon which it is constructed, we are prepared to and do endorse what is said of this machine in the following certificate.

Raleigh, N. C. Jan. 8th 1870.

We the undersigned, Printers of the city of Raleigh, N. C. examined last September, a Type Composing Machine invented by Fenton G. Foster of this county, and cheerfully assert our belief in its practibility.—Mr. Foster claims that his invention possesses the following advantages: 1st. It can be built for $200. 2nd. It is extremely simple. 3rd. Any part liable to derangement, can be renewed at a cost of 50 cents. 4th. It will set any font of letters ordinarily used in the printing of books and newspapers. 5th. The font can be changed by a simple motion. 6th. It will set capital and lower case, both Roman and Italic, and without the operator changing his seat.—7th. The length of the line can be altered at pleasure. 8th. The machine ceases to work upon the completion of every line, thus giving the entire attention of the operator to the copy. 9th. It takes no external power to operate it. 10th. It sets all characters of the printer's case with like ease. 11th. It does away with the ordinary "cases" of an office. 12th. Whenever any letter is exhausted an announciation is sounded and the empty box designated.—13th. The exhausted letter is re-supplied by taking out the empty box and substituting a full one, the "distributor" doing the filling of the boxes as well as the distributing of the type. 14th. It uses the same type now used in printing offices and no change in the same is necessary to adapt it to the instrument. 15th. Its capacity has never been tested, but has been estimated to equal six hands; it will, however, set as fast as you can spell the keys. 16th. It is accompanied by a "distributor" which can be built as cheaply as the "composer," is as little liable to derangement and which can be operated by unskilled labor. 17th. It will stand when necessary. 18th. It will not justify. As it has been several months since we examined the large working model of this machine exhibited in our city, we cannot assert now that this machine will fulfill all these eighteen claims therewith made by the inventor, and can only certify that our incredulity was conquered by our examination of the instrument, and we came away satisfied that Mr. Foster could do with it all he *then* claimed for it.—Whether he illustrated *all* these claims at that examination we cannot well say. Mr. F. being unable to carry out his designs in this invention, wishing to dispose of a part of it, and for this reason, and one of our number having been privately addressed in relation thereto, leads us to make this public statement and to most respectfully call the attention of capitalists to this invention.

In regard to the 15th and 16th specifications, respecting the "distributor," we do not feel at liberty to pass an opinion, never having seen the distributor, or its operation.

W. W. Holden, Governor, John C. Gorman, John Nichols, Job Printers, cor. Fayetteville & Hargett Sts., Raleigh, N. C., Seaton Gales, late of Sentinel.

DIED.

A number of Treasury Cotton cases from the Court of Claims was taken up for argument in the Supreme Court this afternoon.—These cases were brought under the captured and abandoned property act of 18 5, and involve various questions, besides the question of the date of the rebellion.

In the Senate resolutions from the Massachusetts Legislature in favor of the payment of the Fenian claims were presented.

A resolution in favor of considering Indian treaties in open session, passed. Senate bill No. 436 passed. The Census bill was discussed up to 4 o'clock.

In the House the franking privilege and contingent questions were discussed to great length. Proceedings unimportant.

FOREIGN.

Paris, Feb 8.—Henry Rochfort, editor of the *Marseillaise*, was arrested at Belleville, in the Eastern part of the city, at an early hour this evening. His friends and partisans are assembling in great numbers in that quarter and serious troubles are expected.

Three O'clock, A. M.—Barricades are erected in Rue Fautoung du Temple, Rue St. Maur, Rue Grange-Aux Belle second and other streets in the vicinity of Belleville. The scene of the disturbance is near the Northern and Strasburg Railway Stations.

At half past 11 o'clock additional detachments of troops arrived, but to this hour no firearms have been used.

Troops in the garrisons in the city, have received orders to hold themselves in readiness to march at a moment's notice.

Such are the precautions taken by the police and military, that it is believed, that a riot will not be attended with any serious consequences.

Seven O'clock, A. M.—Troubles at Belleville lasted all night, and have extended Northward to La Villett, the extreme North western arrondissement, within the fortifications.

Troops have not yet resorted to the use of firearms; the police are active and many arrests have been made.

Beyond the excitement naturally incident to such an occasion, the rest of the city is tranquil. The government still continues precautionary measures to prevent outbreaks elsewhere.

Paris, Feb. 8.—The police attempted to carry the barricades in Rue Faubourg due Temple and were repulsed; one killed and one wounded.—Barricades elsewhere erected but not defended. Troops are in force, but have not used arms.—At this hour all is quiet. Many arrests made; mostly boys under the influence of liquor.

London, Feb 8.—The Queen opened Parliament in a highly Conservative speech.

MISSOURI.

St. Louis, Feb. 8.—Mrs. Amelia Hobbs has been elected Justice of the Peace in Jersey county, Illinois.

PHOSPHATIC FISH GUANO.
PRICE $40 PER TON OF 2,000 lbs., AT NORFOLK VA.
Manufactured at Norfolk Virginia.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of bone phosphate and soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

A NEW DISCOVERY!!
PHALON'S
"VITALIA;"
OR,
Salvation for the Hair.
CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!
For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

The Vitalia is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

MEDICAL.
HENRY'S
CARBOLIC
CONSTITUTION - RENOVATOR,
OR
BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF
SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all impurities, going at once to the fountain-head of disease. It extinguishes
Tumors, Consumption, Syphilis, Skin Eruptions salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villanous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both be same in noted alike. Men, women and children throughout all the West are most woefully diseased from this cause, and knew not, until a few months ago, the origin of it.

Henry's Constitution Renovator
Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood
BOUNDING THROUGH EVERY VEIN.
It imparts a
Sparkling Brightness to the Eye.
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all Sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbus, Mo., I suffered tortures with ringing sores since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

For all Diseases of the
KIDNEYS, RECENTION OF THE URINE, &c,
And for Female Diseases,
Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

DR. E. BURKE HAYWOOD, Examining Physician.
GEN'L S. B. BUCKNER, Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

SUCCESS THE CRITERION!

THE BEST MANAGED IS THE BEST COMPANY!

DE SOTO MUTUAL LIFE INSURANCE COMPANY,

OF ST. LOUIS, MISSOURI.

JAMES H. LUCAS, President.

CAPITAL STOCK, (PAID UP.) $150.000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James H. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual means of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,94
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

Hear what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 529 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; in 1868, it granted 13,327 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
